Education

The National Institute Of Engineering, Mysore

Sep 2023 – June 2027

BE in Computer Science with AI-ML

- **GPA:** 9.40/10.00
- **Coursework:** Computer Architecture, Comparison of Learning Algorithms, Computational Theory

Scholastic Achievements

- Part of the founding member student of Lenovo Tinkering lab setup in the NIE Mysuru campus.
- **Coursera Coursework:** Problem Solving using Computational Skills, Interpersonal communication for engineering leaders, Python data structures by the University of Michigan, Math for AI beginners by the Korea Institute of Science, Probability and Statistics for Machine Learning and Data Science.
- Part of Geeks for Geeks 160 days of code challenge.

Projects

Student Study Portal (web)

- Engineered a full stack productivity application that features **note taking, homework status maintenance, To-Do list creation, expense tracker, YouTube search, Wikipedia search, e-Book search and online dictionary** all in one portal.
- Technologies used: Django(Python), HTML, CSS, and SQLite3.

Automated Attendance System (Python)

- Developed a Python script to capture webcam images, perform facial recognition, and automatically record attendance
- Technologies Used: Python, OpenCV Library, and Numpy.

My First Blog (web)

- Developed a full-stack application and created a dynamic blogging platform which enables users to create, publish, and interact with content.
- Technologies used: Django(Python), HTML, CSS, and SQLite3.

Technical Skills

Languages: C++, C, Java, Python

Technologies: Django, Data Structures & Algorithms
